Cancel Re-Run

The screenshot displays the SAP Ariba Monitoring Portal interface. At the top, the navigation bar includes 'Build', 'Test', 'Deploy', and 'Monitor' options, along with the user name 'Ben Millhouse' and a profile icon. The main content area is divided into a left sidebar and a central message list.

The left sidebar, titled 'Message Search', contains a 'System' filter section with a list of systems: Netsuite, SAPAriba, and SAPAriba. The central message list shows a table of messages with columns for time and 'Actions'. A 'Message Details' modal window is open, displaying the following information:

- System Name:** SAPAriba
- Transaction Type:** (empty)
- Entity Type:** VendorBill
- Message Date:** 11/09/2023, 05:17:19 PM

The modal window also features tabs for 'Message', 'Receipts', and 'Re-Run History'. The 'Message' tab is active, showing a JSON payload:

```
